May Day Baskets

Materials

- flowers: real, faux, or handmade
- ribbon of your choice
- hole punch
- fun paper (you can even use blank paper and have your child color/paint/decorate it first)
- tape

Directions

- First cut your paper into triangles.
- Now that you have cut your paper into triangles, grab your tape and start rolling the paper into a cone shape. Use the tape to secure the back of the paper.
- Once you have the back securely taped together, decide where and how you want to attach your ribbon. Use your hole punch to put in holes for the ribbon. You can do just two holes, one on each side, and tie the ribbon on, or you could punch holes around the top of your basket and weave the ribbon through (as in the photo).
- Securely attach your ribbon, leaving enough at the top to hang your basket on a doorknob (or hook).
- Finally, fill them with flowers (or any fun little treats you think will make someone smile) and deliver them to your friends! Don't forget to add a sweet little May Day note too!

April shower bring May flowers,
And what do these May flowers bring?
Happy thoughts and sunshine smiles
And wishes for a wonderful Spring.
